Premium loose-leaf tea is healthy, tasty and popular. The Ritual of Tea brings people together, for conversation and community. Choosing Tea as a theme for a gathering or as a gift offers a unique and intimate connection.

Tea is a unique and relational activity that sends the right message: organic, sustainable, practical and yet interesting and healthy. Show your clients or employees that you appreciate them by hosting a Tea Party.

You can choose to have a brief presentation and service of tea or you can schedule me to facilitate a conversation on a specific topic (business, personal development or other).

For a group of 8 people, the fee begins at \$250 including 2-3 tea blends from By the Grace of Tea, service of tea and facilitation.
